Garth Johnson EVP Senior Living Cutler Associates, Inc.

Garth Johnson is EVP of Cutler's Senior Living division, leading specialized project teams from three regional offices for the east coast construction firm. With more than three decades of experience in the construction industry, and twenty years of dedicated focus to senior housing, his focus is to create success for senior living clients through 1) understanding how new and renovated spaces can provide quality, affordable, and on-time solutions for residents, and 2) educating and supporting our precon and construction staff to make these visions a reality. The result has been 75 senior living residences and more than 4800 apartment homes for seniors in New England, the Mid-Atlantic states, and Florida.
